

Williams Mullen Hosts the Triangle Technology Executives Council

06.27.2023

Williams Mullen hosted the "AI For Your Business" meeting for the Triangle Technology Executives Council (TTEC). Featuring Robert Van Arnam, chair of Williams Mullen's Intellectual Property Section and its Artificial Intelligence & Machine Learning Practice, and board member of the TTEC, the meeting discussed AI strategies, policies, vulnerabilities and the inaccuracy of specific AI models, including a demonstration of a Raleigh-based company's internal generative AI tool.

The meeting was attended by 25 TTEC members, who are generally CIOs of technology, health care and financial institutions, including many clients of the firm.
